International Institute - Boston - Lowell - New Hampshire

Founded in 1924, IIB helps immigrants and refugees successfully integrate into New England. Fundamental to all of the Institute's programs is the promotion of self-sufficiency giving clients the tools to help themselves become active participants in the social, political and economic richness of American life. The Institute provides newcomers with direct and practical assistance in the form of English & literacy courses, Refugee Resettlement services, Citizenship Education, Economic Development, Employment Training & Placement, Legal Aid and Social Services (e.g. crisis intervention, mental health counseling, human trafficking prevention). This past year alone nearly 10,000 people from over 130 lands representing all regions of the world received services through the Institute's three sites in Manchester NH, Lowell MA and Boston MA. In Boston, IIB serves approximately 7,000 persons each year through programs that are all available in one central location, One Milk Street. The U.S. has a tradition of opening its doors to those looking to make a new home on its shores and our nation has benefited from this culturally and financially. Today's immigrants and refugees carry the same entrepreneurial spirit, commitment to family and immense love for their new home that were the leading characteristics of the waves of newcomers that came before. The immigrants and refugees that IIB serves arrive in the U.S. to rebuild their lives, fully prepared to become contributing neighbors, fellow employees and even our leaders of tomorrow.
